Whether you're hiring by the thousands or chasing unicorns, Glider AI's Autonomous AI Interviews cut through the noise—and surface who's actually worth your time.

- 1. Share What Matters:** Upload job details, FAQs, comp, or culture docs. AI builds a custom interview plan with questions, tasks, and scoring.
- 2. Interview, Instantly:** Candidates join instantly. Glider AI runs the interview—asks, answers, and adapts like your best recruiter.
- 3. Launch at Scale:** Preschedule 1:1 or in bulk. Deploy Glider AI through your ATS, job boards, or messaging tools for instant candidate access.
- 4. Review & Advance:** Get skill reports, transcripts, recordings, and proctoring. Built-in automation to advance only qualified candidates.
