Reduced
Time to Hire

Hiring Speed Meets Talent Quality.

We reduced screening to 3 steps: interview creation, candidate outreach, and stakeholder review in an experience catered for candidates and hiring teams.

Engaging

Customize with branding and video messages to excite candidates about the job.

Add interactive questions to let candidates show their personality with video responses.

Fast

Add skills or JD from which Glider will suggest questions

Support high-volume hiring with bulk invites and AI that will help rate candidates based on skills.

Fair

Control think and response times, and retakes, to create an equal platform for everyone.

Independent reviews remove influence bias with standardized evaluation for fairness.
